

## Watchman on the Wall

Date: Monday, July 15, 2013

The Most High and Exalted One Yahweh Elohim Almighty LORD Creator and King of the universe sent me a three part dream either last night or early this morning. While somewhat half asleep and awake, the first part of the dream I saw this awful looking creature, but it seemed partly like a human being. The second part of the dream was the words “Hollande”, “France” and “London, England.” The third part of the dream was another different looking creature, but it was rising out of a sea of water.

Then when Yahweh Elohim Almighty fully woke me up, I still had these words and names inside my mind. I thought to myself, Hollande, is the president of France.

Also, from the Holy Bible in the book of Revelation 13, John speaks of a beast rising from the sea:

### Revelation 13

Holman Christian Standard Bible (HCSB)

#### The Beast from the Sea

13 And I saw a beast coming up out of the sea. He had 10 horns and seven heads. On his horns were 10 diadems, and on his heads were blasphemous names.<sup>2</sup> The beast I saw was like a leopard, his feet were like a bear’s, and his mouth was like a lion’s mouth. The dragon gave him his power, his throne, and great authority.<sup>3</sup> One of his heads appeared to be fatally wounded, but his fatal wound was healed. The whole earth was amazed and followed the beast.<sup>4</sup> They worshiped the dragon because he gave authority to the beast. And they worshiped the beast, saying, “Who is like the beast? Who is able to wage war against him?”

By the Hand of Yahweh, Elohim, El Gibbor, El Shaddai, El Elyon, the Most High and Exalted One Sovereign Creator and King of the earth and universe has shown me through these dreams and visions that He is going to allow and cause terrible events that involves President François Hollande of France, France, and London, England.

Somehow, London, England and France are connected regarding the beast coming from the sea in Revelation chapter 13.

---

Also, another point concerning the possibility of an asteroid hitting the earth in November 2013 - If you would Google “asteroid November 2013”, you will find links of information about it. Even if the asteroid does not make a direct hit to the earth, the fact that the asteroid is on the path toward the earth and coming close to it will have a negative impact upon the earth through intense weather patterns.
