So far, I have experienced the Presence of the Almighty Yahweh King and Creator of the universe twice.

The first time was while traveling on an evangelist missionary trip around the state of Montana USA. I was staying in one of the hotels during a stopover for the night before going on to another town the next day. While staying inside this hotel, as usual in any hotel during, I would say devotional prayer to the Heavenly Father and read, study, and meditate upon His Holy Words. Sometimes, the Holy Spirit will prompt me to stand and walk around the room performing walking prayers other times kneeling or sitting in a chair. This particular day in the hotel I was doing the walking prayers inside the hotel room and then I experienced something miraculous I never experienced. As I was walking around in the room praying to the Most High Almighty Yahweh for His guidance, direction, protection, strength, grace, favor, and mercy during this evangelistic missionary assignment, I began to smell a sweet fragrance that I never smelled before. Words truly cannot describe this beautiful scent and sweet fragrance of the Presence of the Most High Almighty Yahweh in the hotel room. The next day I was driving around the town in Montana, and I was looking for a laundromat to give away free Holy Bibles. The Heavenly Father Almighty Yahweh directed me to drive to this small laundromat with a hair

salon next to it. Walking toward the laundromat the Holy Spirit to go inside the hair salon to ask anyone who wants a free Holy Bible. "Yes", said one of the hair salon employees, "My mother would like one." I gave her a Holy Bible and asked the manager of salon, "Could I leave a free Holy Bible for your customers?" "Yes, and I would like one, too." I place two Holy Bibles on a small table and thank them and walked next door to laundromat. Inside the laundromat, I asked this woman, "Do you work here or know where is the manager?" The woman was older adult and told me, "No, I do not work here and don't know where is the manager." I walked around and left free Holy Bible in the seats of the laundromat. I went back to the older adult woman to ask is she wants a free Holy Bible. She told me she already has a Holy Bible and then she asked me to join her with Bible women's group at nearby restaurant. I told her I would like to meet her and Biblical women's group, and she wrote down the name of restaurant and time for me to attend the gathering. Later that afternoon, I was blessed by the Heavenly Father Almighty Yahweh to meet spiritually beautiful older adult women. We talked about the LORD God Almighty Yahweh and afterwards they paid for my entire meal with dessert. I did not even know these women and they were truly special in my journey. The Presence of the Almighty Yahweh blessed me with a delicious lunch and fellowship with godly focused women who loved Him.

The second time I experienced the Presence of the Almighty Yahweh was in an apartment living in Georgia. My husband was traveling for his employment and I was alone living inside the apartment. Again, I was praying to the Most High Almighty Yahweh, and in the living room the sweet smell of the Presence of the Most High Almighty Yahweh came that was so glorious and the joy of the Almighty Yahweh came over me and I rejoiced. Afterward basking in the Presence of the Most High Almighty Yahweh sweet aroma, I received a call from a company that I had won a gift to attend a special event from a contest I entered weeks prior. The Presence of the Most High Almighty Yahweh is truly a blessing.
